## Ayer's Cherry Pectoral

"For many years I suffered from  
bronchitis, for which I tried a variety  
of remedies including sprays and in-  
halers. These did me no good and I  
then began to use Ayer's Cherry Pec-  
toral, with most satisfactory result.  
One dose quieted my cough and  
enabled me to get much needed sleep.  
I would not now be without it for any  
consideration. I have passed through  
this winter free from the cough, and  
I am glad to say that several of my  
friends have been benefited in the same  
way. I am sending a bottle to a friend  
in New Zealand by today's steamer."

## PARKER AND DAVIS

Associated Press, Morning Service.

ST. LOUIS, July 9.—Henry G. Davis of West Virginia was nominated for  
Vice-President over Turner of Washington and Williams of Illinois on the  
first ballot. Hawaii voted for Turner.

A tremendous sensation was created in the convention by the receipt of a  
telegram from Judge Parker saying that he was a Gold man. Noting the  
absence of a money plank in the platform he said he should, if elected, act  
in accordance with his convictions. He suggested that if the convention dis-  
approved of him under these circumstances, it could nominate another man.  
An exciting debate followed, participated in by Tillman, Williams, Daniels,  
Bryan and others. It was decided by a vote of 774 to 191 to notify Parker  
that money, not being regarded as an issue, was therefore omitted from the  
platform and that his views would not prevent the acceptance of his nomi-  
nation. Hawaii split its vote, two voting aye and two no. The convention  
adjourned at 1:30 a. m.

The Democratic nominee for the Vice-Presidency is 82 years old. It is  
twenty years since this veteran of Democracy retired from the United States  
Senate, after serving there for twelve years. He began his political career  
the year following the Civil War by being elected to the West Virginia as-  
sembly, and began attending National Democratic conventions in 1868.

## SUCCESSFUL SUBMARINE

UNITED STATES VESSEL TESTED  
IN HAMPTON ROADS AND FOUND  
TO WORK WELL.

NORFOLK, Va., June 24.—The United  
States submarine torpedo boat Adder,  
under command of Lieut. Frank L. Pin-  
ney, has returned to the torpedo sta-  
tion at this navy yard after a most suc-  
cessful series of trials in Hampton  
Roads.

After satisfactory diving tests on the  
days of the trials, the submarine mon-  
arch, with her auxiliary electric power  
at work, and a crew of nine, including  
her commander, sank beneath the sur-  
face and then began her under-water  
run from Seawall's Point, opposite Old  
Point Comfort, across Hampton Roads  
toward the middle ground light in  
Chesapeake bay.

Everything worked to perfection. The  
submarine was guided across the Roads  
within close proximity to the middle  
ground light, and returned to the point  
of starting the entire distance of about  
three miles being covered under the  
surface in forty-five minutes, without  
rising for an air supply.

ing was spent in maneuvering about  
the Roads.

In the afternoon of yesterday the Ad-  
der was again subjected to a submerged  
test. Two midshipmen attached to the  
Truxtun were allowed to make the de-  
scend below the surface in the cigar-  
shaped craft, and enjoyed their experi-  
ence immensely.

The Adder's performance was per-  
fectly satisfactory to Lieutenant Pinney  
in command. He was seen at the  
naval torpedo station after the arrival  
of the Adder and her convoy the Siren,  
and expressed his satisfaction at the  
showing made by the craft. He stated  
that the trials at this time were made  
more for the purpose of testing the  
machinery and other mechanism in the  
submarine than for the establish-ent  
of records. The submerged runs of the  
Adder were made at a distance of fifteen  
feet below the surface.

The naval board of inspection and  
survey is now here from Washington  
inspecting the Norfolk naval torpedo  
station and testing the torpedo boats  
Foote, De Long, Ericson, Biddle and  
the tiny torpedo flyer Mackenzie. The  
latter is out today with the naval board.  
The other boats made a successful rip  
yesterday. The naval board is stop-  
ping at Old Point Comfort.

RECIPROCAL AFFECTION.

And also, it's safe to infer.  
Since she had much goods of the  
earth,  
That was the way he loved her.
